When all is said and done, when you come to the end of your life, I don't want to know what the world said or what your worldly mind has learned to define as successful, or what rules or customs you were brought up with and felt you had to follow in order to justify what you did or didn't do to others or for others. What I really want to know is, Do you know how to really not know ?? Can you realize your own ignorance while you profess and assert your worldly knowledge to others ?? I want to know if you have learned what it means to think with and through your Heart, to know the difference between looking with your eyes and seeing with and through your Heart, and to not only be able to hear with your ears but to also be able to listen with and through your Heart. Have you learned and experienced the difference between feeling with your hands and feeling with and through your Heart ?? Are you able to touch others Hearts with your Heart ??

I don't want to know what facts you have learned throughout your life on earth, but I do want to know if you know what it means by the saying, "The ♥ Heart has no reasons, it knows without reasoning". Have you learned how to know with and through your ♥ Heart ... **FIRST**, and then act accordingly ?? I want to know if you can do the "Right Thing", even if it means challenging the authority figures and rules of the day, **and then** do it again, and again ?? What I really want to know is, are you strong enough, and do you have the courage to follow **Socrates, (469 - 399 BC), example of "... Examining your thoughts, statements and actions by pursuing their implications, on the assumption that if they are true, they would not lead to false consequences ..."** ?? I want to know that after you have struggled to climb, to ascend, to the top of the mountain, will you willingly and Joyfully and ♥ Lovingly come back down to be with and to help those who have not climbed the mountain ?? If you can, then you have been able to touch the ♥ Heart and ♥ Love of God with your ♥ Heart, with your thoughts, and with what you have said and done with your life on earth ... this time ... and then each time hereafter.

P.S. The ♥ Heart has no reasons, it knows without reasoning, because the ♥ Heart understands and knows in ways that reason does not understand and can not verify ... so, the ♥ Heart has it reasons that reason does not know.

Einstein Said, "... The world is a dangerous place to live in, not because of the people who are evil, but because of the people who don't do anything about it ...".

"Ethics" ... n. pl., 1.) The Principles of morality, including both the science of the good and the science of right.
